STREET SWEEPING PROGRAM

What the Department of Public Works puts down for snow and ice control in the winter, the Department of Public Works has to pick up in the spring.

Residents are asked to sweep their sidewalks and tree lawns (the grass strip that often exists between the walk and the roadway) into the street. Please don't sweep the sand into a pile since that makes it more difficult for the sweepers to pick up the material. Instead, sweep it into a row along the curb. We hope to start sweeping the week of March 30, 2015 weather permitting.

If you have any questions regarding the sweeping program please contact the Highway Division at (781) 942-9092 or the D.P.W. Administration office at (781) 942-9077.
